

# INCLUSIVE ASTRONOMY 2

October 14–15, 2019

Baltimore • MD

Space Telescope Science Institute

*All students,  
astronomers, social  
scientists, policy makers,  
and advocates:*

Come take part in a community discussion to build upon the 2015 Nashville Recommendations, reflect on the state of the profession, address issues affecting underrepresented groups, and envision how to improve astronomy into the 2020s.
